

## WORK, HEALTH AND SAFETY POLICY

Fleurieu Cranes Pty Ltd shall provide, maintain and continuously improve the standards of safety and provide a healthy working environment for all personnel at all times during all work activities.

We will achieve this by:

- Complying with statutory and legislative requirements, such as WHS Act 2012 and WHS Regulations 2012.
- Ensuring that each employee, subcontractor and stakeholder understands and endorses our vision of “Safety First”.
- Ensuring there is an effective flow of communication and consultation whereby workers and subcontractors can be involved in improving WHS systems and be informed on all matters of health and safety according to Code of Practice: Work Health and Safety Consultation, Co-operation and Co-ordination
- Assessing health and safety risks to incorporate systems to eliminate or control of hazards with emphasis on high risk works such as working at height, craning and lifting.
- Auditing and evaluating the effectiveness of safety management systems and programs and collectively improve our performance.
- Providing all information, training and instruction Chapter 3, Part 2, Div. 1 WHS Regulations 2012
- Empowering all employees and subcontractors to cease work where safe to do so when there is a threat to the safety of themselves or others.
- Investigating, correcting and reporting all health and safety concerns

All Fleurieu Cranes personnel have a responsibility to perform their duties in a manner which ensures their own safety and that of others. All employees accept that all safety incidents are preventable and that ensuring the safety performance of activities is their highest priority.
